

LET THEM BE PROSECUTED.

No quarter ought to be shown to the Radical heeler of this city who are seeking to make negroes register and vote illegally. And no sympathy ought to be shown to the negroes who are thus attempting to vote contrary to law. Two years ago not less than fifty ex-convicts voted in Raleigh, and many other negroes who do not reside here also came in and voted and thus made Raleigh give a big Radical majority. It was infamous, but was in keeping with the work which Raleigh Radicals have been accustomed to do to carry Wake county.

This year, they are at their old tricks, and one of their negro perjurers is lodged in jail. The following certificate from the registrar shows their method:

A Radical in Jail for Perjury.
Squire Parsons (col.) applied for registration, Oct. 2; was sworn and asked carefully about residence—whether or not he was a convict. He was accompanied by William O'Neal (white); made oath that he had never been in the penitentiary or convicted of any infamous crime. Having answered the questions properly, I registered him; and since, it having been learned that he is a convict, he has been arrested and sent to jail for perjury.

Was Afraid to Take the Oath.
Mr. Jno. Y. MacRae, Registrar in the Third Ward, makes the following statement:

A colored man came to register and when I started to administer the oath he declined, saying he had not been in the State 12 months. He was brought by Wm. O'Neal, white.

Jno. Y. MacRae, Registrar.
We do not know that Mr. O'NEAL knew anything about the character of this negro. But he ought to be more careful in the future or else he will be suspected of being in league with perjurers and rascals.

The CHRONICLE calls upon the registrars of Raleigh and elsewhere to keep a sharp lookout and require every man who desires to register, to establish his identity, and to allow no unknown characters to get their names upon the books.

The CHRONICLE also calls upon Mr. WALTER R. WOMBLE, of the Democratic Executive Committee of Wake county, to prosecute all violators of the law and all perjurers to the full extent of the law. Raleigh must no longer be run and controlled by negroes who have no right to vote here. The men who are seeking to secure an election by such means as these deserve a stern rebuke, and deserve to be exposed and punished.

There is one punishment that every citizen can administer to them, and that is: VOTE AGAINST EVERY RADICAL NOMINEE.

THE SECOND WARD CLUB.

An Enthusiastic Meeting and a Live Club Organized.

The Democrats of the Second Ward held a meeting at Stronach's warehouse last night which was called to order by Josephus Daniels, Esq. Mr. Zach. T. Broughton was made temporary chairman, and Mr. R. W. Taylor was made temporary secretary.

A committee consisting of Messrs. Josephus Daniels, Wesley Boon and Jas. Medlin was appointed on permanent organization.

During the deliberations of this committee several members made short speeches. The committee on permanent organization reported for president W. O. Scott, Esq.; vice-presidents, Ed. A. Adams, Henry Honeycutt, and C. W. Boon; for secretary, R. W. Taylor, Esq.; for treasurer, F. P. Handley, Esq., which report was unanimously adopted.

The Constitution of the Y. M. C. Club of Raleigh, was adopted with Friday night as the regular meeting night.

It was decided to have public speaking in front of the Centennial Graded school, at the foot of Fayetteville street, on Friday night. Messrs. Z. T. Broughton, Josephus Daniels, R. W. Taylor, R. O. Upchurch, and Jas. Medlin were appointed a committee on public speaking.

There were 36 names enrolled and promise of good active work pledged by the membership of this club.

CITY MATTERS.

The Light Question up Again—Salisbury Street to Be Opened up.

The board of aldermen had a special meeting last night.

That troublesome light matter was brought up again for consideration.

Mr. C. M. Hawkins, of the Lighting company was present, and stated to the board that the Lighting company was now putting in a new steam engine; that all the lights in the city would be running by Monday night, and that dynamo which would give 2000 candle power lights instead of 1200 power lights would be put in as soon as practicable. He thought this would be done within the next ten days.

It was ordered that North Salisbury street be widened and extended, and the following gentlemen were appointed a board of appraisers to assess the value of the property through which the street would run: Messrs. Julius Lewis, R. L. Lewis, J. S. Wynne, C. B. Edwards and W. H. Pace.

A New Pastor.

The church of the Sacred Heart of Jesus has a new pastor in the person of the Rev. Father Francis O. S. B. formerly in charge of the Catholic church in Greensboro. In this appointment we congratulate the Catholics of Raleigh, and predict for their new pastor a cordial reception on the part of our citizens generally. He arrived in the city yesterday, and will at once enter upon his duties as pastor of this parish, and of all the missions formerly attached to this, and the Greensboro parish. Until further notice the services here will be on all week days at 7:30 a. m. and at the usual hours on Sundays.

RALEIGH IN BRIEF.

LOCAL HAPPENINGS IN AND AROUND THE CAPITAL.

Short Items of News Gathered on the Fly by the Chronicle's Reporters.

Don't postpone it, but go and register to-day.

The indications are that Milton Nobles will be greeted by a good audience to-night.

At a quarter to twelve o'clock yesterday, Rev. A. W. Curtis counted 473 bales of cotton in sight on wagons at one time.

The extension of streets and the improvement of sidewalks are coming to be matters of very earnest consideration, but what is wanted is action.

Everybody who will have floats in the big parade for fair week is expected to have their floats ready by Tuesday night, so they will form a part of the big procession on Wednesday morning.

You don't want to put off securing tickets for the rich Farce and Pantomimes, which will be given in Metropolitan Hall on next Thursday night. The box sheet is at Williams & Co's book store.

Mr. J. R. Ball was elected by the County Commissioners as a Republican poll holder from the First Ward. He is worthy about it. He says he is not a Republican, and that he will vote the Democratic ticket.

Prof. T. Wood, who has been conducting song service at the Tabernacle every night for the past week will conduct a praise service there on Sunday night, and will be supported by about two hundred voices. The service will be very rich and interesting.

In a Raleigh boarding house yesterday there was in the dining room at the same time a representative of four of the five great human races of the world, viz: the Caucasian, the Indian, the Mongolian and the African. All sat at tables except the African who served the dinner.

The venerable Mr. K. B. Waitt, of this city, who has been a supporter of the Republican party for many years, has renounced it, and has signified his intention of voting the Democratic ticket this time. Come on every body. We are going to get there this time and don't you forget it.

Substantiated reports from Mark's Creek township are to the effect that twenty white men who have heretofore voted the Republican ticket will vote the straight Democratic ticket this time. They are turning every where, and when the meanness and general devilry of the Republican party shall fully be known by the people, there will be a mighty exodus from that camp. Come on fellows. We are going to stop this "boodle" business and give every man the same chance.

FRAUDULENT REGISTRATION.

The Law Says it is Infamous--And Prescribes Punishment.

Punishment is prescribed by law for all persons who connect themselves in any way with fraudulent registration.

Sec. 2,732 of the CODE says: "Any person who shall cause or procure his name to be registered in more than one election ward or precinct, or shall cause or procure his name, or that of any other person to be registered, knowing that he or the person whose name he has procured to be registered, is not entitled to vote in the ward or election precinct wherein such registration is made, at the ensuing election to be held herein, or who shall falsely personate any registered voter, shall be guilty of a crime infamous by the laws of the State, and shall be punished for every such offence by a fine not exceeding one thousand dollars, or imprisonment at hard labor for a term not exceeding two years or both, in the discretion of the court."

Inspiration of the Fleecy Staple.

Seven hundred and ninety-two bales of cotton were Raleigh's receipts yesterday, not counting several hundred bales which came in by rail to be compressed. At some place, where the fleecy staple was banking itself all over town, the Cotton Muse inspired some fellow to write the verses below, which are applicable to the occasion:

Cotton to the right of them,
Cotton to the left of them,
Cotton in front of them.

Rolling and tumbling
From Harnett and Nash they came,
Chatham, Wake, Johnston the
Men with a smiling face,
Sons of a conquering giving rear,
And no sign of grumbling.

They flashed the buyers' knives
As they turned in the air—
Sampling the cotton there,
White man's or black, while
All the town wondered,
All day long they worked,
Not a man among them shirked—
Doing his duty.

Till all the streets were cleared,
And all the buyers swore
Their books a record bore
Of sales that day
Nearly eight hundred.

Married.

In the Presbyterian church at Gastonia, October 8th, Mr. Edgar Love and Miss Katie McLean; Revs. W. E. McIlwaine and R. Z. Johnson officiating.

The couple took the cars here Saturday for Burlington. They took with them the heartiest wishes of hosts of friends.—Kinston Free Press.

At high noon at the Methodist church in Morganton Wednesday, Oct. 8th, Mr. John H. Arrington, of Charlotte, N. C., and Miss Minerva T. Ward, of Morganton, were married by Rev. Theo. P. Bonner, pastor of the Methodist church. Every one remarked the fact that the bride, who is a grand daughter of the late Governor Todd R. Caldwell, and one of the most beautiful women in the State, never looked so beautiful as she did yesterday during the ceremony. Mr. and Mrs. Arrington, after receiving the congratulations of their friends took the west bound train yesterday for Louisville, Ky., where they will spend their honeymoon.—Morganton Herald.

THE COTTON MARKET.

The Local Report for the Week Ending October 9th.

The past week has been generally favorable for picking out cotton, and the planters have been taking every possible advantage of the opportunity. But with all the work possible there are some fields which have not yet been picked over for the first time. The anxiety to get the cotton from the fields to the gins has been so great that more attention has apparently been given to picking it out than getting it to market, but the receipts this week have been considerably more than last week, when the weather almost prohibited picking.

Planters have had a little picnic in the Raleigh market as to prices, most of the cotton which has come in during the past three days selling as high as ten cents. This high price was partially forced by some firms here who bid very strongly in order to get a large lot of cotton with which to fill pressing contracts, but the price held very firmly up to last evening.

The following is the official report of receipts from wagons:

Receipts for the week ending Oct. 9;	2,656.
Same week last year	1,453.
Increase over last year	1,203.
Receipts to date from Sept. 1st.	10,629.
Same time last year	3,531.
Increase over last year	7,098.
Stock in store	2,545.
Shipments for the week	1,411.

A Ladies' Riding Tournament Suggested for the Fair.

If there is anything more beautifully attractive than a graceful equestrienne on a handsome horse, the CHRONICLE has not yet seen it.

Raleigh has a number of ladies who ride superbly. Some ladies were talking about horseback riding yesterday, when one of them suddenly suggested that there might be a ladies' riding tournament at the fair. It was not proposed that they should ride at rings, or jump hurdles, or handle broad swords, or anything of that kind, but the suggestion was that the race track be the riding place, and that as many ladies as chose should mount their chargers and ride around the track at will under a proper escort. If they chose, they could agree that the lady who shall be adjudged the most graceful rider, shall be awarded a prize to be given by the fair.

Now, this is a lady's suggestion, and it is a nice one.

What shall we do about it?

Weather Report.

We give special attention to roasted coffees, to have them always fresh and of perfect quality. Java, Maracaibo, Arbuckle's Ariosa, &c., &c., always in stock. Also a full line of green coffees, from Rio to Mocha.

EBERHARDT & PESCH.

The "Old Man's" Fine Beef Cattle and Splendid Hogs.

"Old Man" Schwartz, the veteran butcher, will not be caught napping during fair week—not much. He will make a big show of cattle and fine porkers. They may be shown ready for the pot and oven, but they will be on exhibition. Yesterday he received fourteen magnificent Southwest Virginia beef cattle, the average weight of each being eleven hundred pounds, and he also got in twelve of the finest hogs that grow in this whole country. Just watch his market for fine meats.

Millinery Goods.

Millinery goods are interesting to most ladies, whether old or whether she is young and beautiful. When a female gets so millinery goods don't interest her, the grave is not far distant, and it should be so. Our millinery department is perfectly beautiful this fall, all the new styles in hats, and frames, and all the new things in ribbons, birds and tips. The millinery business has opened with a rush. In fact we are doing a much better millinery business than we expected. Ladies who never before saw the inside of our store are buying their hats and tips. Yes, we are growing in popularity in all our different departments, but millinery especially so. See the new carpets at SWINDELL'S.

Happy Hoosiers.

Wm. Timmons, Postmaster of Idaville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from Kidney and Liver trouble." John Leslie, farmer and stockman, of some place, says: "Find Electric Bitters to be the best Kidney and Liver medicine; made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength, good appetite, and felt just like he had a new lease on life. Only 50c. a bottle, at John Y. MacRae's Drug Store."

THE WORLD'S COMMERCE.

New York, October 10.—Messrs. Hubbard, Price & Company, in their cotton circular to-night say: "Manchester purchased freely in Liverpool today, taking an unusual amount of cotton for a market day, but the feature of the day has been the publication of the bureau report of the condition of the crop on October 1st. The trade universally expected a condition below 78, but when 80 per cent. was announced a general rush to sell followed, carrying prices thirteen points below last evening's closing. From the lowest point a rally occurred under the leadership of export buying, and the close was steadier."

Receipts at the ports estimated at 49,000 bales, against 33,892 bales last week, and 39,007 bales last year.

The spot market is steady at former quotations; middling uplands 10 3/8; sales 615 bales.

Transactions in futures to-day were 125,000 bales.

Futures closed weak and seven to eleven points lower as follows:
